Jen has over 11 years' experience in banking across a range of disciplines including product and project management and internal audit. She also has experience specialising in risk management and cyber governance at an ASX100 retailer. As a consultant at PwC, Jen works with a range of private and government clients helping to uplift their control environments, providing specialist risk, governance, privacy, and information management advice.

## Training experience

Jen facilitates ISO:IEC 27001:2013, ISO 19011:2018 and ISO 31000:2018 training and has also conducted organisation-wide risk management training for senior executives and frontline staff. Jen has also tutored students at a large university in a range of business disciplines including marketing and consumer behaviour.

## Risk management & internal audit experience

Jen is adept at translating risk into meaningful business insight. She has led the ground-up development of an enterprise risk management framework, and conducted subsequent organisation-wide risk assessments, while providing challenge and oversight to her clients to ensure risk treatment plans are appropriate.

She been responsible for delivering reliable assurance to the Board Audit Committee at a large bank, leading a team of internal auditors reporting on the adequacy and effectiveness of the control environment.

Miguel and Jen did an excellent job in the delivery of the training. Their knowledge and provision of real life examples were very helpful in making the training relevant and enjoyable.

- Gary Patrick

Great course, informed instruction, excellent class interaction.

- Ken Lietzow

Excellent content delivered by highly experienced experts, in their fields. Highly recommended.
