Drawing on his extensive experiences in compliance and risk management, Martin provides an insight into the ISO. Martin draws on his extensive experience in compliance and risk to confidently deliver training that is engaging and relevant for all participants.

Training experience

Martin has led training sessions on compliance in Australia, New Zealand, and Asia. Audiences have ranged from small groups to sessions over 150 people involving entire organisations.

Auditing experience

Martin has over 15 years' experience in compliance, risk, anti-bribery, ethics and corporate governance. He is the chair of the ISO committee responsible for the creation of ISO 19600 compliance management systems, and he is the head of the Australian delegation to the ISO committee that created ISO 37001 anti-bribery management systems.

“

Martin was insightful and provided very practical and relevant examples and addressed all of the participants queries.

— Nathalie Vamben

Martin brought exceptional value and worth to the training due to his vast knowledge and experience.

— Rhonda McDougall
